SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, March 1st, at 1:45 p. m., there being present Joseph M. Francis, presiding, Jas. T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

The following named liquor dealers, having complied with the county ordinance and furnished the required bond, were granted licenses:

First township—James Cawley, Salada Beach; Frank W. Curtis, class C, Millbrae.

Second township—Albert Swanson, Beresford.

Fifth township—J. C. Amarel, Pescadero.

The applications of Gregory Cunningham of Millbrae and C. H. Widemann of Pescadero were continued one month.

The following applications for liquor licenses will be acted upon a month hence:

First township—John Mori, Rockaway; James Murray, Colma; Manuel Verningo, Colma.

Third township—H. E. Hallett, Portola; Arthur C. Mathisen, Woodside.

The applications of Mae Robbins and Isola Bonetti, both of South San Francisco, for State aid, each for one child, were recommended on motion of Casey, seconded by MacBain.

Marie Oneto of Redwood City, a widow with one child, was granted $8 monthly from the Indigent fund, on motion of MacBain, seconded by Casey.

The followinng bids were received for road construction:

For the road from Hillsborough to the Crystal Springs lake—

Spring Construction Company, $34,825.20.

Howard-Ellison Company, $34,-114.46.

Peterson & Grier, $35,437.60.

Chas. J. Lindgren, $34,992.38.

Wrightson, Anderson & Yost, $40,259.88.

Sunset Construction Company, $30,416.65.

Brown made the statement that to construct this road now would be a harm to the public as it would close the only avenue left to the coast people to reach the bayside. The present road is in good condition and with some improvements would serve the purpose until the exposition travel is over. It was ordered on his motion seconded by MacBain, that all of the bids be rejected and that $30,500 be set aside for the future building of the road, and that in the meantime the Surveyor prepare plans and specifications for removing some of the sharp turns in the road.

For the road from Menlo Park to Portola—

Spring Construction Company, $30,618.77.

Blanchard-Brown Company, $29,-563.60.

Peterson & Grier, $29,454.56.

Daniel Flynn, $28,296.75.

Wrightson, Anderson & Yost, $31,215.65.

On motion of MacBain, seconded by Brown, the contract was awarded to Flynn.

For concrete retaining wall at Belmont—

Crescent Construction Company, $891.

A. Mattson, $1110.

Barrett & Hilp, $1383.

Howard-Ellison Company, $1600.

R. A. Sweather, $1487.

Grunsky Bros., $1793.

G. Tochetti, $1415.

On motion of Brown, seconded by Thompson, the contract was awarded to the Crescent Construction Company.

A petition, signed by C. T. Maloney and others of Menlo Park, was presented, asking that a light be placed on Pine street. The petition was granted on motion of MacBain, seconded by Casey.

Reports were received from Motorcycle Officers Brown, Logan and Lowans, and ordered filed.

M. J. Simmons, the courthouse janitor, sent a communication to the board recommending that a new and smaller flag be purchased for the county's use and that the old flag be mended. The matter was referred to the Courthouse committee.

C. M. Morse of San Mateo addressed the board, asking that the monthly contribution of $50 allowed to the Tourist Association last year be renewed during the present year.

On the suggestion of MacBain, the matter was laid over until the 15th instant.

A communication was received from the Sacramento Chamber of Commerce, calling the board's attention to the fact that there will be a joint meeting in that city March 15th of the Senate and Assembly committees on roads and highways, and inviting the members to be present. The communication was ordered filed.

Communications were received from Geo. W. Scott of San Mateo and O. W. Braslin, secretary of the Outdoor Art League of San Jose, protesting against the maintenance the unsightly signs along the State highway and county roads.

Brown stated that it was time to take action toward the suppression of this nuisance and it was ordered on his motion, seconded by MacBain, that the District Attorney prepare an ordinance covering the matter.

A communication was received from the Legislative committee of the Supervisors Association notifying the board that a meeting will be held at Sacramento on the 7th instant, at which legislation affecting the powers of boards of supervisors will be discussed, and inviting the members to be present.

It was the sense of the board that as many as could would attend the meeting, a motion to that effect being made by Casey, and seconded by Brown.

A communication was received from the trustees of Stanford University notifying the board that rock might be had from the university's quarry at a cost of 75 cents a ton, on the ground. The communication was ordered filed.

A resoluiton, submitted by John A. Davis, consenting to the exclusion of certain Burlingame territory, which matter is to be voted on, was adopted on motion of Brown, seconded by MacBain.

It was ordered, on motion of Brown, seconded by MacBain, that owners of Glenwood Park at Burlingame be required to accompany their map, when filed, with a bond of $20,000, in accordance with the law.

It was ordered, on motion of MacBain, seconded by Casey, that the surveyor's estimate of the amount of money due Mahoney Bros. for grading the new La Honda road be increased 10 percent making the amount due the contractors $12,782.68. The board's action met with the Surveyor's approval.

Henry Ward Brown addressed the board on behalf of P. Rosia, against whom condemnation will be begun for a right of way for the road at Colma. Mr. Brown stated that in his opinion the county's offer of $1000 for a half-acre of Mr. Rosia's property was hardly sufficient. He considered the land worth at least $1500. The matter was submitted to Mr. Swart who will try to effect an amicable settlement.

The District Attorney addressed the board in reference to the county's liability in the case of accident to any of its employes and advised that all be insured. On motion of MacBain, seconded by Brown, the chairman was authorized to appoint a member of the board to confer with the State Accident Commission in the matter. Supervisor Casey was appointed.

The District Attorney also advised the board to continue to pay all claims against those lighting districts that are included within incorporations, until there is a new apportionment of the county's money.

A copy of a contract with the California Taxicab Company, prepared by the Exposition Commission, was presented for the board's approval. The contract provides for the payment of $20 for a five-hour day and $26 for a six and one-half-hour day for an auto service for bringing exposition visitors into this county on sight-seeing trips.

It was ordered, on motion of MacBain, seconded by Casey, that the contract be referred back to the commission for the purpose of adding an accident insurance clause.

Surveyor Neuman presented a claim for $1935 for work done by his office in preparing estimates for roadwork. It was the opinion of the members that the charge was a just one. In order to be fully satisfied as to its legality, it was referred to the District Attorney for a written opinion

Matthew Grady of Colma was placed in nomination by Casey for the office of Sealer of Weights and Measures. A vote was taken by ballot and Grady was elected.

The Surveyor presented plans and specifications for a reinforced concrete retaining wall on the Woodside grade, which were adopted on motion of MacBain, seconded by Brown.

The Surveyor also presented plans and specifications for a reinforced concrete arch bridge across the La Honda creek in the Fifth district, which were adopted on

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Probably the chief cause for the failure of the editor of the Peninsula News to appreciate the scope of the exhibit on San Mateo County Day at the Exposition lies in the fact that he is not sufficiently identified with the county to comprehend the nature of its resources. The office from which that paper is printed and issued is located in San Francisco.

ONE OF NATURE'S NOBLEMEN.

Death is never a welcome visitor in any circle. The Dread Angel never enters a home, be it ever so humble, but that a sharp pang of sorrow is felt, one which may lose its poignancy with the passing of time, but is never entirely obliterated.

There are times, however, when the fell stroke is felt far beyond the immediate family circle, when an entire community must feel a strong sense of bereavement, when a public loss must be recognized. Such an instance as this was the death of Dr. Harry G. Plymire. In the passing of this man the entire community of San Mateo County finds deep cause for mourning. Not only has the county lost a faithful and upright public official, but the community will miss the splendid influence exerted by the life of a most exemplary citizen.

In fact, it was the splendidly human traits of this man that most endeared him to the people. In the immediate community where he lived and where he was most intimately known was he the most highly esteemed. In his dealings with his fellow man, the dictates of the highest humanity and broadest philanthropy were his chief guides. He was first the friend then the physician. Dr. Plymire was indeed "one of Nature's noblemen."

The Times-Gazette joins with the rest of the community in tendering to the bereaved family its heartfelt sympathies, commending them to the care and protection of "Him who tempers the wind to the shorn lamb."

THE BELOVED PHYSICIAN.

[In loving and grateful memory of Dr. H. G. Plymire.]

The little doctor has gone away.
The sun shines on.
Strange it should shine as before, to-day,
That men should work, or the children play,
The world go on in the same old way,
When he is gone.

The world goes on. From his Far Off Place
He wishes it so.
Yet we might pause for a moment's space,
Speak from our hearts as we view his face,
He, who gave his life with a prince's grace,
Will hear and know.

He gave himself unto others' needs
Without care, or thought.
His soul flashed up to beautiful deeds;
He saw the flower in a tangle of weeds;
He swayed men's lives as the wind sways reeds,
His faith unbought.

Let us remember it, you and I,
Now he is gone.
Crush back the tears and stifle the sigh,
Smile at the old world, hurrying by;
Know that, though dead, he never can die.
His Good lives on.

IDA ALEXANDER.

BIG SAVING FOR COUNTY.

County Surveyor J. V. Neuman presented a claim for fees to the Supervisors last Monday which brought into question the legality of some statutes and caused many words to be spoken encomiastic of Mr. Neuman. The statutes provide that when monthly estimates be prepared for contractors who are in the employ of the county, said contractors paid the surveyor for the work peefformed. Mr. Neuman thought the law a bad one and his attorney, E. F. Fitzpatrick, held similar views On the advice of Judge Fitzpatrick a claim for the fees was presented against the county. The Supervisors praised Mr Neuman for his honesty and declared themselves ready to sign the claim on the spot. It was finally decided to obtain legal advice from the District Attorney before acting.

The tax payers of San Mateo county are indeed fortunate in having such a faithful and painstaking official as James V. Neuman. In the last year he has saved the county many thousands of dollars by his close watch on the contractors who are constructing the highway. Only a short time ago Mahoney Bros. who did the grading on the La Honda and Woodside road filed a claim with the board of supervisors for $10,000, claiming they were entitled to it over and above the contract price. Two of the most expert engineers of the State appeared before the board to urge the payment of the claim, saying it was just, and produced figures going to show the honesty of the bill. Mr. Neuman in strong, vigorous language combatted the argument of the engineers and produced evidence to show the falsity of the claim. So convincing was Mr. Neuman's statement that the board continued the matter. Mahoney Bros. were wrathy and threatened to file a suit against the Supervisors for the amount of the claim. At the meeting last Monday the firm agreed to accept the sum of $1000 and this was allowed by the board. Thus did Mr. Neuman save the munificent sum of $9000 for the county. At the meeting on Monday the Supervisors accepted the bid for constructing the road from Hillsborough to Crystal Springs Lake for $4000 less than Mr. Neuman's estimate. A month ago on the advice of Mr. Neuman all the bids for constructing this thoroughfare were rejected as the lowest estimate was $5000 higher than the engineer's estimate. Thus again did Mr. Neuman save a big sum for the county. And, notwithstanding this saving, Mr. Neuman's salary is less than that which his chief deputy receives. He does not receive the compensation of a good clerk. District Attorney Swart told the Supervisors the other day that Mr. Neuman had already saved the county fully $50,000 on the contracts awarded for the highways about to be completed

COUNTY'S EXPERT COMPLETES WORK

Finds Many Officials in Serious Need of Some Additional Clerical Assistance.

E. J. White, the expert for the late grand jury has completed his task of examining the accounts of the various county officers and has filed his report. The expert makes numerous recommendations which are included in the report, a portion of which is here produced:

Gentlemen—I desire to present to you the following report, covering the investigation and audit of the books and records of the different offices of San Mateo county, for a period of twelve months ending December 31, 1914.

The report is divided into two parts of six months' periods each, the first of January to June, and the second from July to December 31, 1914.

The general condition of the records of the different offices were in good shape and a credit to the officials. The work in the auditor's office was far behind, for the reason that the burden of the office fell upon one man, which is more than can be expected of anyone when you consider the amount of detail work that was necessary in this office, and great credit is due to Deputy Auditor Stack for the manner in which he handled the affairs of this office under the handicap in which he was obliged to labor.

While the records in this office were in some instances over one year behind the blame cannot be placed upon the shoulders of anyone, as there was not sufficient help in the office to enable them to keep the work up. It was necessary for me, in addition to having to audit the records of this office, to first post the books in some instances, and then balance the accounts, which necessitated a longer time to complete the work than it would were it a straight audit.

Some means should be taken to increase the working force in this office, as well as in the other offices of the county. Almost every official complains that he has not enough help to carry out the work of the office, and in most cases this is true. The auditor should have, in addition to his deputy, whose salary should not be less than $125 per month, a stenographer whose salary should be oat least $65 per month. The work of this office is of great importance and should be kept up to date all the time, but this cannot be unless there is sufficient help to carry it on.

The treasurer should have a deputy to enable him to handle his office in an up to date manner, and to relieve him of the clerical work The condition of this office is fair, considering that he does most of the work himself, and is as good as can be expected under the conditions.

The tax collector, assessor and county clerk are in need of at least one additional clerk to enable them to keep the affairs of the officee up to date.

I would offer the suggestion that the board of supervisors as a body meet with the different officials privately and discuss with them the needs of their offices so that some recommendation can be made to the legislative body that has in hand the fixing of salaries of county officials and granting to them the extra help asked for. This is the only way to obviate the continual complaint of insufficient help in the office. For, once the matter is settled, they will have no further cause to complain that they are not granted enough help to carry on the work of the office.

You should remedy if possible the transferring of funds from one account to another. This is a bad practice, and is apt to lead to complications if allowed to continue.

There were many errors in the demands paid during the year, some underpaid and others overpaid. The auditor should approve every claim is to its correctness before being passed for payment, which will, I have been informed, be looked into carefully by the auditor in the future.

I find no record of any insurance carried by the county on any insurable property. It may be that no insurance premiums were paid during the year 1914, as there is no record in the auditor's office of the amount of insurance carried.

Trusting you will find the following report satisfactory, and thanking you, I remain,

Respectfully,
E. J. WHITE.
Public Accounta

In a supplemental report which deals separately with each county office, a general recommendation appears which reads as follows:

Work in the tax collector's office was congested frightfully during the busy season, four and five days' mail being unopened at one time and it was impossible for the tax collecor to make settlement with the county treasurer on the time prescribed by law owing to inadequate help allowed him to properly conduct his office Recommended chief deputy and stenographer for full year besides additional help during the busy season.

The records of the assessor's office have been audited for the year ending December 31st, 1914 submitted. This office like many others of the county is in need of additional help, temporary or permanent, to enable the official to bring his work up to date. The assessor informed me that there were 137 Homesteads for which he had no maps, and he did not have sufficient help at the present time to enable him to have these maps made. I am satisfied that his contention is correct, for the evidence submitted by him to bear out his statement. He has stated to me that if he were granted the additional help necessary he would incearse the assessment roll to a figure that would increase the revenue to be derived from taxes to over $20,000 per annum. While no additional permanent help can be given him at present it would be well for your honorable body to consider different officials, and see if said complaints cannot be remedied.

The county clerk's office, like others in the county is in need of additional help, as the work is rapidly increasing, and with the present force it is only a question of time when the work will become so badly behind that it will require twice the force to bring it up to date. There is need for an additional clerk in this office to be employed permanently and some recommendation should be made, if not already done, to this effect.

St. Patrick at Exposition.

The general committee of St Patrick's Day celebration at San Francisco has appointed the following sub-committee in this county. Colma, James Casey, W. J. Savage and John Carroll; South San Francisco, Jas. Carmody, Ambrose McSweeney and Judge Cunningham; San Bruno, J. C. Lynch, J. J. Hearne and John T. O'Connor; Burlingame, Jas Murphy, Edward J. Sheehan, and J. E. Lennon; San Mateo, J. J. McGrath, J. J. Hastingsand Sheriff Sheehan; Redwood City, Judge Fitzpatrick, J. J. Hahir, and John J. Shields; Menlo Park, Joseph A. Donohoe, Jas. T. O'Keefe, M. F. Duff and John Morey

Those who desire to participate in the celebration will immediately consult the committee in charge. Ex-Governor Glynn, and Mayor Mitchell of New York will be the principal speakers of the day. The celebration will take place at the Exposition, and every town in the state will be represented.

Death Was Accidental.

Judge George Seely held an inquest on Wednesday in the case of Toy Wing Tong, who was killed by a train near Menlo Park last week, and on the following day held another inquest in the case of August Buhne, who was killed by a train at the Mound street crossing in this city on March 3d. The jury in both instances brought in a verdict of accidental death. This is the first time in the history of the county where a justice of the peace has assumed the duties of coroner, there never having been a vacancy in that office before.

State Pioneers Honored.

On Tuesday morning Superintendent Roy W. Cloud spoke to the children in the grammar school auditorium on the "Pioneers of California." Mr. Cloud laid especial emphasis on the services to the State of Thomas Starr King, Senator Broderick and James King of William. Mr. Cloud's pleasing manner and wise choice of words held the rapt attention of his youthful audience and at the close they gave him an enthusiastic rising vote of thanks. This is the first series of talks planned for the children by Supervising Principal Rob't. W. Mantz.

"The striking times of '98" is a theme that at all times touches the heart of every true Irishman and stirs his blood. He delights in dwelling on the details of it whether in song or story. Above all he is ready to witness it in cast and character, in speech and dramatic action.

On Monday evening—mind the date—Monday evening, March 15, in the Hall of the Nativity, Menlo Park, a competent company made up of local talent will stage one of the stirring events of those very stirring times. They will stage it with all the color and tragic action of the real incident. The scene of the incident is laid in the mountains about the beautiful lakes of Killarney. The hero of the incident is one whose name is famous in Irish annals, though of course on the stage an assumed name is given. He who carries the part, is a namesake and lineal descendant of one of the great heroes of a country kindred in origin and blood to Ireland. He has the fire for the part and his interpretation is most real and convincing. The far-famed Irish Colleen is heroine to the play. The part is enacted by one whom all will recognize as typical of those whose beauty and grace have been sung so effectively by the Ancient Bards of Ireland.

In the splendid portrayal of the Squire's part by a well known histrionic residents one Menlo, one's memory is carried back to the eccentric, apoplectic but altogether manly Squire of the old story of "Willie Riley." Cousin and confident to the heroine is the Blanche of the play. Though involved in a little romance of her own, Blanche is clear-headed in her advice to her cousin and absolutely loyal amidst every danger. These characteristics were had in mind in selecting one to carry the part. The selection is most happy and the part receives full justice. The heavy villain is played by the one man in Menlo Park who can be relied upon to thoroughly grasp and adequately enact the part. The parts of 'The Witch of the Mountains', inevitable to an Irish play, and the coquettish, but altogether masterful maid who brings the man of her choice to her feet, are carried by two of the younger set, who appear for the first time before a Menlo audience. The work of these two will be a big and delightful surprise. Another of the younger set, a favorite of the young men of the town vividly portrays the character of 'friend to the the hero.' The Irish wit, he who sustains the part of droll Irish humor through the play is one whose name we need not mention. He is as happy and droll on the stage as off, and that is high compliment. The whole program will be interspersed with song and folk-dance. Remember the date—Monday, March 15th—8:15 p. m. sharp.

MENLO PARK IS SOON TO BECOME WORLD FAMOUS

Modern Sanitarium to Occupy Site of Once Famous School.

Since the early fifties, old Californians, and also readers of early state history, will recall the days when Menlo Park was the traditional show place of California. It was the Pacific Coast center of wealth, culture and refinement, and the hospitality extended was recounted in all countries where returned visitors from the state related pleasant memories. Its climatic reputation was such, that even in those days, Menlo Park headed the list posted at Lloyd's in London, of the four places most noted for desirable residence advantages, select from any portion of the world, this posting being still continued to the present time.

In those days, family estates rivaled many of the principalities of the old world, and the pioneer homes of the Athertons, the Selbys, the Doyles, the Casserlys and others, were famed throughout the east and south for cultured gatherings. Among those famous estates, none excelled the Atherton Home, which maintained a supremacy, until when in later years, the vast domain was partitoned to the heirs, after which distribution, the title to the resident portion, became vested in its present owner.

Shortly there after, the Mansion House became the abiding place for Hoitt's School, the leading Seminary for boys, west of the Rocky Mountains, and so remained until the death of its popular founder, and the school became a memory.

Now, the commercial spirit is invading this domain of historic romance, and a Medical Syndicate is preparing to assume control, with the intention of establishing there, what they are pleased to designate "A High Class Sanatorium, and Nerve Rest Hospital" of such importance as to make it of national character, and an institution in which physicians from any land, may secure for their patients, under perfect climatic conditions, advantages superior to any heretofore obtainable anywhere in the United States.

The largest buildings and historical grounds, with their half-century growth of semi-tropical trees and shrubs, ensconced in the central section of those magnificent oak that made Menlo a natural park, make this place particularly and peculiarly, adaptable for such a purpose. During the past six or seven years, while this place has been untenanted and unsold, numerous proposals to utalize it in various ways under a leasehold contract, have been submitted, considered and turned down as impratical, but nothing of such a comprehensive nature as the present plan has ever before been presented.

Partly from sentimental reasons, the owners, since death of Hoitt, the founder of the school, have been reluctant to entertain any proposal that involve the necessity of a long term lease, hoping rather, some day to sell the place outright to some purchaser with sufficient wealth and ability, to re-establish the prestige it previously maintained, in the circles of culture, refinement and entertainment.

This anticipation not having been realized, the owners now feel that an opportunity to turn a property many years idle into a permanent dividend paying investment, is a business proposition that for sentimental reasons can not further consistently be ignored, and arrangements have proceeded to a point where closing only awaits the visit of one of America's most noted alienists to voice an approval which has already practically been assured. Menlo Park, will then be hearlded to the world as a recuperative resort rivalling the most noted ones of Europe.

While we can not but help to feel regret that this beautiful place, dear to us by reason of pleasent reminiscences should be assimilated by remunerative capital, rather than that which would use it for homes of old time reputation, there will be a sort of welcome from many for the new enterprise, which will distribute large amounts of money locally.

GLENN GIVEN SENTENCE OF TEN YEARS IN SAN QUENTIN

Alexander T. Glenn, who on December 7, last shot and killed Walter Bloom, was sentenced yesterday by Judge Buck to serve ten years in San Quentin. Before passing sentence, the prisoner's attorney, Jas. T. O'Keefe, made a brief plea for leniency. Wednesday afternoon a jury in the Superior Court brought in a verdict of manslaughter, after a trial lasting two days. A great number of witnesses were over from Pescadero and a number of them gave evidence to the effect that Bloom was of a quarrelsome disposition, while the defendant was the very opposite. Much interest was manifested at the trial by the people of Pescadero Glenn will be taken to San Quentin on Monday.

COUNCIL OPPOSED TO STATE LIQUOR LAW

Trustees Unanimously Oppose Surrender of Local Control of Saloon Business.

At its regular session Monday evening, at which all of the Trustees were present, the city council went emphatically on record as in favor of retaining the control of the liquor traffic under the control of the jurisdiction of local governing bodies. The attempt of the California Wine Growers Association to place this traffic entirely under the control of the State authorities, as is proposed in a law pending before the present session of the Legislature and presented at the suggestion of that organization, was brought to the attention of the trustees in a communication from the city council of the City of Sonoma, asking co-operation in opposition to the passage of the law, and presented a set of resolutions adopted by that body. Trustee Tuchsen took a strong stand against the surrender of the power of control of this traffic to the State, urging that local authrities were much better equipped for the regulation of a business which in its nature was to a considerable extent governed by local conditions. While he admitted that it was possible that in some few localities there had been a laxness in the enforcement of proper restrictions, he also contended that there was quite as much liability to this condition under State controll, where of necessity there must be a lack of knowledge of surrounding conditions and a lack of incentive for regulation. Another objection raised to the proposed law was that it designed to fix a uniform license rate for all sections, regardless of surrounding conditions, which would in many cases be unfair to the dealer as well as unjust to the community. This view of the subject met with the hearty concurrence of all the trustees and upon motion of Trustee Tuchsen, resolutions were adopted condemning the proposed law and urging Assemblyman Henry Ward Brown and Senator Flint to vote against its passage by the Legislature.

A communication from a committee of the Redwood City Band urged that financial aid be given by the city to its plan for the giving of a series of open air concerts which it is proposed to give in this city during the coming summer season. It was explained that, while some of the members of the band resided elsewhere, it was the intention to make this city their headquarters and that the band was to be recognized as a purely local institution. In the absence of any of the members of the committee, Trustee Sampson explained the designs of the organization and strongly urged the advisability of lending public aid to an enterprise which would not only afford desirable entertainment to members of the community but be a decided advantage to the business men of the city. While the trustees unanimously expressed themselves as ready to render any reasonable assistance in forwarding the project, there was a reluctancy to act without a more full knowledge of the liability to be incurred and the matter was referred to Trustee Sampson, who will confer with the members of the band and at the next regular meeting present a more intelligent outline of the steps which it is desired should be taken by the council.

Permission was granted Rev. B. M. Young, pastor of the Methodiest church to erect a small bulletin board on the outer edge of the sidewalk on Broadway near the depot.

The map of E. W. Magruder's subdivision of lot 23 of the Wooster, Whitton & Montgonery subdivision, presented at the last meeting, was approved and a resolution passed accepting the streets as laid out.

After listening to a rather long argument over the disputed water claim against Chambers & Heafey, sewer contractors, the council signified a readiness to compromise the matter by the allowance of one-half of the amount in dispute. This will require the payment by that firm of $143 to the city.

In a communication to the council, Judge E. F. Fitzpatrick made a formal announcement of his failure to secure the necessary financial backing for the construction of a street railway system for this city as was proposed under the franchise granted to him about three years ago. With this announcement Judge Fitzpatrick tendered a relenquishment of the franchise, with the exception of that portion covering the right of way on Chestnut street, and asked that he be absolved of his obligations to the city under the grant. In explanation of the retention of the rights on Chestnut street, Judge Fitzpatrick informed the council that the franchise for this portion of the road had some time ago been transferred to the Redwood City Harbor Company upon oan assumption by that corporation of an obligation to fulfill a proportionate part of the obligation to furnish necessary filling for the grading of the roadway in front of the city hall between Main and Washington streets. With this was filed an obligation from the Redwood City Harbor Company assuming the terms of the transfer. With the approval of these documents by the City Attorney an ordinance was introduced and given its first reading accepting the tendered surrender of the franchise and approving the transfer to the Harbor Company.

Upon a report from City Engineer Sears that it had been impossible for his office to complete the necessary engineering work, it was decided to postpone action upon the resolutions of intention to order the construction of curbs and sidewalks on the County Road until next Tuesday evening, when an adjourned session will be held for that purpose.

An ordinance was introduced along the lines suggested by Trustee Hahir for the prevention of the erection of "spite fences." The ordinance will make it unlawful to erect any division fence of more than seven feet in height without permission of the council.

Chairman Merrill called attention to numerous complaints which had recently been made of the mutulation of trees planted by the Park Commission on the public streets by blossom hunters. It was shown that in many cases serious damage had been done to young trees and it was decided that drastic steps should be taken to put a stop to the practice.

City Engineer Sears was instructed to prepare plans and specifications for the extension of the present paving on the County Road to its entire width. It is the intention that the same material shall be used as that provided in the portion improved by the county, thus presenting a uniform surface for the entire width of the roadway.

COUNTY OFFICIALS ATTEND FUNERAL OF DR. PLYMIRE

The board of supervisors adjourned Monday morning so that they might attend the funeral of Dr. H. G. Plymire, who passed away after a brief illness at South San Francisco on Saturday last. Nearly all the county officials and many friends from here attended the obsequies. The ceremony attending the laying away of the beloved doctor was sad in the extreme. Numerous tear-stained cheeks could be seen among the women who knew Dr. Plymire's worth and who were recipients of his unstinted favors. The funeral cortege was the longest ever seen in the county.

Dr. Plymire was 38 years old and had been a residen of South San Francisco for 15 years. He was physician and surgeon for all the factories at South City, was the founder and owner of the South San Francisco General Hospital, was vice president and director of the Bank of South San Francisco and at the time of his death was serving his third term as coroner and public administrator of this county.

The deceased is survived by his wife and one son. He was a popular and an able and faithful physician.

SISTER CLARE FATALLY INJURED AT SAN JOSE.

Many of the older graduates and pupils of Notre Dame Academy in this city will learn with the deepest regret of the passing away Tuesday in San Jose of Sister Clare, who established the local convent in 1885. Sister Clare was injured Monday in a gas explosion at the Notre Dame Institute, an orphanage of which she was the Superior. She was attempting to light the basement heater when the explosion, caused by escaping gas, followed. The heavy doors were blown outward with such force as to strike the sister on the head. Although partially stunned, she was able, with help, to reach the upper floor and medical assistance was at once called. Her injuries were not deemed serious, but during the night she grew weaker and quietly passed away.

Sister Clare was born in San Francisco 54 years ago. In the world she was known as Margaret McIntyre. In 1885 she came to this city and organized the convent school, remaining its Superior nine years. Returning to San Jose in 1894 she was placed in charge of the orphanage, which position she filled until her death. Hundreds of girls have come under her charge and to all she proved an affectionate and devoted foster mother.

A striking instance of her unselfish consideration of others was manifested in her last words to those gathered about her death bed: "Thank God, this did not happen to one of the dear children."

THOMAS BROUGHAM, IRISH PATRIOT, PASSES AWAY.

Thomas D. Brougham breathed his last at the County hospital Sunday night and with his passing out of life a quiet, harmless soul went to rest. Brougham was born in Ireland 72 years ago, of a noted family. He was a college graduate and finely educated. In his early years the wrongs of his country made him a rebel against the British government and with others he fled to save his life and became an exile in this land of the free.

Brougham for many years followed the vocation of teacher. He was also a journalist and at one time was connected with the New York Tribune when it was owned by Horace Greeley. Coming to the Pacific Coast he located in Virginia City and worked with Mark Twain and a host of other noted literary men who made that mining town famous throughout the west.

Years ago the deceased was a teacher in St. Mary's college and later a writer for the newspapers about the bay. He had one weakness which dragged him down and in time made him a public ward, but he was proud and would earn his own living, even at the most menial labor, if he could. He was harmless and always a gentleman, showing the marks of good breeding. Had he chosen the other path at the cross-roads of life he would have had a brilliant career. Humble and lowly as he was there are many who will hear of his melancholy death with the deepest regret. Peace to his ashes. May the Recording Angel blot out his simple faults and write down only his virtues. He was a wayward wanderer, not a wilful one.

Miss Josephine Fox of South Bend, Indiana, is here on a visit to her friend, Miss Mayell Byrd. She will pass the summer in California.

Miss Helen Andrews entertained a score of her friends at a delightful party given at her home in Wellesley Park on Saturday night. Cards passed the earlier hours of the evening and unusually pretty prizes were awarded. The fortunate players were Miss Dorothy Dearborn and Merrill Brown. An elaborate supper was followed by dancing.

Injured by Fractious Horse

While Patrick Curran was driving on Chestnut street Monday his horse became unmanageable and overturned the buggy, throwing Curran violently into the street. He was picked up and taken to Mrs. Huling's hospital where it was found that his right leg was fractured close to the hip and his scalp badly lacerated. Under the circumstances the injured man is doing as well as could be expected, but his advanced age will make his recovery slow.

Killed by the Train.

August Alfred Buhne, a well known local resident whose home is on the County road and Lincoln avenue, was instantly killed yesterday morning by being struck by the 6:24 north-bound train. Buhne attempted to pass over the tracks while the train was approaching, although warned by the gateman, and met his death. The deceased was a native of Finland, aged 53 years and is survived by a wife and one son who is absent.
